

WOOMASTER GT™

**Precision Ground Carbon
Blades for Wood Cutting**

WOODMASTER GT™

Precision Ground Carbon Blades for Wood Cutting

EXCELLENT BLADE LIFE ON RESAWS AND PORTABLE SAWMILLS

Teeth are ground and induction hardened to keep the blade sharp

High carbon backing steel reduces band breaks and allows multiple sharpenings

SMOOTH, STRAIGHT CUTS AT PRODUCTION RATES

Deep gullet design effectively removes sawdust to minimize wavy cutting

Durable tooth form cuts efficiently through hard knots

CUTS A WIDE RANGE OF SOFT AND HARD WOODS

Precision set teeth cut a variety of wood types from pine and cedar to oak and maple

Optimized to cut the most difficult wood including seasoned and frozen timber

WIDTH X THICKNESS (IN)	HOOK ANGLE	SIDE SET	KERF (IN)	PRIMARY APPLICATION	TOOTH SPACING	1/2"	3/4"	7/8"	1"
					TPI	2	1.3	1.1	1.0

1 x .035	10°	.022"	.079"	Pallet Resaws/General Purpose		2002979			
1 x .035	10°	.018"	.071"	Pallet Resaws/High Dust Removal			2002980		
1 x .035	10°	.022"	.079"	Pallet Resaws/General Purpose			2002981		
1-1/4 x .042	10°	.022"	.086"	General Purpose				1990159	
1-1/4 x .042	10°	.022"	.086"	General Purpose			2007841		
1-1/2 x .045	10°	.026"	.097"	General Purpose				2003000	
1-1/2 x .045	10°	.026"	.097"	General Purpose					2003075
1-1/2 x .055	10°	.026"	.107"	General Purpose				2003086	
1-1/2 x .055	10°	.026"	.107"	General Purpose					2003088

All coils are random length, palletized coils between 375 and 450 feet.

LENOX® WOODMASTER GT™

MADE IN USA 1990159 1-1/4" x .042" x 7/8" 34 mm x 1.07 mm x 22mm 10° / 0.022" SIDE SET

PROPRIETARY BACKING STEEL

High carbon backing steel reduces band breaks and allows multiple sharpenings

LASER MARKED PRODUCT IDENTIFICATION

Key product specifications won't wear off during blade use, retaining pertinent information for sharpening, setting, and re-ordering

PRECISION SET

Cutting face of the set teeth are parallel to the cutting face of raker teeth allowing for efficient cutting, extended blade life and more sharpenings

GROUND TOOTH GEOMETRY

Teeth are ground and induction hardened to keep the blade sharp

Deep gullet design effectively removes sawdust to minimize wavy cutting

WOODMASTER GT™

Sharpening Accessories

CBN wheels for use with Wood-Mizer® BMS Series
